UNDERSTANDING YOUR BILLING CHARGES

CUSTOMER CHARGE

A minimum monthly charge covers Empire's cost to meter and bill your account and provide customer service.

DELIVERY CHARGE

The portion billed for the cubic feet of natural gas used.

PURCHASED GAS ADJUSTMENT (PGA)

This is the cost Empire pays to purchase natural gas on the open market, plus the transportation and storage services fees. It also reflects any under- or over- collection of actual costs in the previous period. Empire does not earn a profit on the price of gas, only on its delivery. The PGA accounts for about two-thirds to three-fourths of a winter bill.

FRANCHISE FEE

A tax levied by local municipalities which Empire collects and passes on to those respective cities. Applicable state and local taxes are also charged.

HOW TO READ YOUR METER

Some of the hands on the dial of your meter move in a clockwise fashion, while others move counterclockwise. All move from the lowest number to the highest. To read your meter, simply write down the number where the dial is pointing. When the hand is between numbers, use the smaller number.

This meter reads: **3156**

Empire also utilizes digital meters. Their readout is much like a car odometer.

ESTIMATED METER READING

Empire tries to read each customer's meter each month. However, sometimes it is not possible and estimations must be made. Any variation between a customer's actual usage and the estimated usage will be corrected the next time the meter is read.

DISCONNECTION/RECONNECTION OF SERVICE

Your Empire bill is due upon receipt and a delinquent date appears on your monthly statement.

To avoid service interruption, call immediately if you cannot pay your bill on time, if you receive a disconnection notice, or if there is any problem with your bill.

If you find you cannot pay your entire bill, please contact us for a mutually agreeable installment plan.

Although we do not routinely disconnect service without advance notice, there are times when we must for health, safety, emergency, or maintenance reasons or when someone has tampered with our equipment.

We will turn your service back on after the cause for the disconnection has been corrected. Service will be restored the same day, if possible, but no later than the next working day.

NATURAL GAS SAFETY

Natural gas is odorless and colorless. As a safety precaution, a sulfur-like odor, which smells like rotten eggs, is added to help identify gas leaks.

If you suspect a gas leak, never use matches or candles to look for a leak, never turn on or off any electrical switch or appliance, do not use a telephone inside of the building, and get everyone out of the building. Use a phone away from the location and call Empire at 800-406-9220.

CUSTOMER RESPONSIBILITY

Although Empire inspects a customer's exposed gas piping and connected gas equipment, it is the customer's responsibility to maintain their gas piping and connected equipment downstream from the gas meter.

CALL BEFORE YOU DIG

Before you plant a tree or build a fence, make sure you know where your underground utilities are located. Empire encourages customers to dial 811, the nationwide one call system, or Missouri One Call at 800-DIG-RITE (800-344-7483).

This is a free service provided by Empire and other local utilities. This single call allows customers to avoid the possibility of a serious injury or expense of repair costs for damaged utilities.
